

SOUTH COAST GARDENS

SPRING 2025

Native & Near Native Plants of the Southern Great Lakes Region

RESERVING PLANTS:

To reserve plants, please forward a list of your selections (including quantities of each) to southcoast@kwic.com. Please note that as a small scale nursery we often have only small numbers of each selection available. Orders are therefore processed on a 'first come, first serve' basis. Orders of in-stock items, once confirmed, will be available for pick-up at the nursery. New additions to our inventory occur throughout the season. If you do not see a specific plant listed that you are interested in purchasing, please contact Kevin to determine if it can be sourced through our suppliers. Payment can be made by cheque, e-transfer or cash. Applicable taxes will be added at time of purchase.
